

796 B.Tech students recruited so far

► Continued from page 1

Overall, 94% of B.Tech. students have been placed as of June 28. Out of the 856 B.Tech students who registered for campus placements, 796 have been recruited.

As of June 28, out of 726 registered M.Tech and post graduation candidates, a total of 603 have secured placements, resulting in a significant recruitment percentage of 83.05%.

'1,509 candidates placed'

Last year, PG recruitment was around 74%. "In all, 1,730 candidates from all streams (both PG/UG) applied for the placement drive, and a total of 1,509 candidates have been placed. The rest are likely to get placed in the coming days since recruitment is still open for a few days.

The total number of companies that have so far visited the campus is around 352, including 40-50 startups and 80 new companies

Except core and public sector companies, the rest conduct online interviews. This year, 60% of interviews were held virtually," shared Annappa.

The average package among the B.Tech stream is Rs 15.7 LPA, and the computer science department alone is Rs 27.7 LPA.

The total number of companies that have so far visited the campus is around 352, including 40-50 startups and 80 new companies. Last year, over 450 companies visited the campus.
